## General Election 2007

DFI recently launched 'A Lot Planned, All To Do', DFI Programme for Government (2007 – 2012) at a gathering of Oireachtas members, political parties and member organisations. In addition to the event, DFI met with spokespersons from each of the Parties to encourage them to put our issues into their Election Manifestos. DFI's Support Officers are also involved in many events at local level.

### INSIDE THIS ISSUE

- 2** DFI News
- 2** DFI AGM
- 2** DFI Seminar
- 4** Funding
- 7** Newsletters

There are just eight weeks approximately to the Election. It is up to each organisation to do what they can to raise the profile of disability issues among the candidates and the electorate. A lot of promises and commitments have been made by the outgoing Government with regard to the reshaping of Irish society for people with disabilities. 'A Lot Planned, All To Do' seeks action on those commitments in very real and practical ways which will affect the lives of people with disabilities.

We are not wishing to become part of the current 'auction politics' scenario but we do want firm decisions and timelines on all that has been promised. To signal commitment to deliver the NDS, we want the next Estimates and Budget to introduce a Cost of Disability Payment and comprehensively address under funding of existing services by voluntary disability organisations

From now until Election Day there will be a lot of 'election noise' going on. All of the different interest groups will be looking for their commitments. We need to keep disability live and in the mind of the candidates and the electorate. Remember the disability issue is not dealt with, what is dealt with is the planning. We need to focus hard on what needs to be done, now the NDS will be delivered.

***"A Lot Planned,  
All To Do', DFI  
Programme for  
Government 2007  
-2012"***

---

'A Lot Planned, All To Do', DFI Programme for Government (2007 – 2012) seeks:

"That the next Government, will commence progressive implementation of the Cost of Disability payment".

"That the next Government, will adequately resource current service delivery by voluntary disability organisations".

"That the next Government, will identify for each year of the programme for government the objectives and outcomes for the National Disability Strategy, having regard to the vision and long term goals for people with disabilities as set out in 'Towards 2016'."

It is vital to keep disability in the minds of the candidates and Parties at local level – please do whatever you can. At national level we will be keeping the pressure up in every way we can throughout the election campaign, during the period of the formation of the government and beyond.

### **Citizens Information Board / DFI Study**

Citizens Information Board (Formerly Comhairle) and DFI have undertaken a joint study on the housing and accommodation needs of people with disabilities. As part of this research a number of focus groups were organised, targeting both organisations and people with disabilities. These focus groups were run both in urban and rural locations to ensure that a broad range of experiences and needs were identified.

The objective of these focus groups was to:

- Provide an opportunity for focused consultation with selected stakeholders;
- Ascertain the views of people with disabilities and the organisation that work with them on how their accommodation needs are being met;
- Ascertain the views of participants on the adequacy of supports necessary for independent living;
- Identify potential areas for change for inclusion in the report.

Following the analysis of data generated through these focus groups interviews will be arranged with key individuals and groups to facilitate the development of useful case study material.

In light of the commitment in 'Towards 2016' to develop a housing strategy for People with Disabilities, this is a very important piece of research. On completion this report will offer clear insight into the housing needs of people with disabilities; the challenges they face in securing adequate and appropriate accommodation.

### **Eastern Region Platform Meeting**

The first meeting of 2007 of the Eastern Region Platform took place recently just before St. Patrick's Festival, with a very high attendance, boosted by the promise of Green Tea and Pastries.

The main presentation came from Hugh Kane (HSE) who gave a presentation on the disability structure of the HSE, as well as responding to specific questions and topics which had been submitted to him in advance by DFI. These included:

- Funding for 'Smaller Organisations';
- Funding and Valuing of 'Soft' Services;
- Financial Regulations / Funding Protocol;
- National Service Level Agreement;
- Representative Structure - Expert Advisory Groups, etc.

Hugh, who is the Local Health Office Manager (LHM) for Wicklow, has lead responsibility for disability within the HSE Dublin / Mid-Leinster region, as well as leading on several other initiatives within the HSE.

Although some of the information in Hugh's presentation was not particularly welcomed by the organisations, Hugh was very open and honest in explaining the legal and budgetary constraints that he was working under. He was also very frank in responding to the many questions from the organisations present.

This was preceded by brief presentations from Allen Dunne (DFI) on DFI's Programme for Government and Maria Fox (DFI) on the implementation of Part 2 of the Disability Act – Assessment of Needs.

If you would like any further information about this, please contact Anthony Carrick, Tel: 01 708 0105 or email: anthonicarrick@disability-federation.ie.

### **DSFA Disability Consultative Forum**

A meeting of the DSFA (Department of Social and Family Affairs) Disability Consultative Forum took

place on the 22<sup>nd</sup> of March 2007. The following issues were addressed:

- In response to correspondence with DFI, it was reported that the Minister for Social and Family Affairs has committed to examining the issue of extending Free Travel to encompass Northern Ireland for people on Disability Allowance. Currently, pensioners are entitled to free travel within all 32 counties.
- Cathy Barron from the Office for Social Inclusion made a presentation on the new National Action Plan for Social Inclusion (NAPS inclusion). DFI welcomed the introduction of the lifecycle approach across the revised NAPS but asked how social inclusion issues specific to people with disabilities across the key stages would be monitored. Ms. Barron noted this as an issue that requires consideration by the office for Social Inclusion.
- It was noted that research being conducted by Pat McDonnell, DSFA, to examine the impact of DA on the retention rates in second level education is on-going.
- The Government is continuing with the transfer of disability welfare payments from DOH to DSFA. It was reported that industrial relations issues have been slowing this process.

### **Children as Carers Research Study Seminar**

New research entitled '*Hidden Young Carers in Cork*' was presented at a Seminar organised by the Combat Poverty Agency (CPA) on the 28<sup>th</sup> March 2007. The research, undertaken by University College Cork and funded by the CPA, aimed to provide an initial qualitative insight into the experiences of hidden young carers, and to assess the extent of awareness among services providers. A total of nine young carers were interviewed and of these, five began caring before the age of ten. Further to this, the young participants reported educational disadvantage and financial impoverishment as a result of their caring duties. There was a general consensus that the existence of young carers is largely unacknowledged by service providers and their needs go unrecognised within policy and support services for carers in general. More information on this research is available from the Combat Poverty Agency ([www.cpa.ie](http://www.cpa.ie)).

### **Delivering Homes, Sustaining Communities**

#### **Introduction of Scheme to Replacing the DPG.**

The Department of the Environment, Heritage & Local Government (DoEHLG) statement on housing policy 'Delivering Homes, Sustaining Communities' introduced three revised Schemes, to be rolled out in May / June 2007.

### 1. Mobility Aids Grant Scheme – New Scheme

This new Scheme is to cover works aimed at addressing mobility problems, mainly, but not solely aimed at the elderly.

- Maximum grant of €6,000 to cover 100% of the cost of works.
- It will not require an OT assessment; a GP's letter will be enough. They estimate that a majority of people with disabilities will apply for this.

### 2. Housing Adaptation Grant for People with a Disability – Replacing the Disabled Persons Housing Grant (DPG) Scheme

- Increase grant from €20,320 to maximum of €30,000.
- Can cover up to 95% of the cost of works.
- Available to those with an annual household income of less than €30,000, tapering to 30% for those with annual household incomes of €54,000 to €65,000.
- Introduces a graduated 'claw-back' system on grants received for provision of an extension where the house is sold within a 5 year period – 95% of the grant to be repayable if sold after 1 year, up to 20% repayable in year 5.
- Guidance will be put in place to inform Local Authorities to ensure uniformity.
- There will be disregards to means testing on a case by case basis.
- The new Housing Miscellaneous Needs Bill will provide for an appeals mechanism to be established.

The Housing Adaptation Grant for *new* Houses for People with a Disability remains the same, with an increase from the current maximum €12,700 to a maximum of €14,500 in each individual case.

### 3. Housing Aid for Older People – Replacement to the Essential Repairs Grant (ERG) & Special Scheme of Housing Aid for the Elderly.

- Aim to make homes of older people habitable.
- Maximum grant of €10,500 to cover 100% of the cost of works.
- Available to those with an annual household income of less than €30,000, tapering to 30% for those with annual household incomes of €54,000 to €65,000.

Local Authorities will be allowed recoup the cost of up to 80% of all these grants. Each year the grant levels will be increased in line with the building cost index.

If your organisation has any comments to make on this new scheme please contact Lillian Buchanan at the Dublin DFI office.

## Charities Bill 2007

Noel Ahern, TD, Minister of State at the Department of Community, Rural and Gaeltacht Affairs with Noel Ahern, TD, Minister of State at the Department of Community, Rural and Gaeltacht Affairs with responsibility for charities legislation, is pleased to announce that the Government has approved the publication of the Charities Bill 2007.

Key aspects of the Bill will provide for:

- a definition of "charitable purpose" for the first time in primary legislation;
- a new independent Charities Regulatory Authority to secure compliance by charities with their legal obligations and also to encourage better administration;
- a Register of Charities in which all charities operating in the State must register;
- annual activity reports by charities to the new Authority;
- updating the law relating to fundraising, particularly in relation to collections by way of direct debits and similar non-cash methods;
- consultative panels to assist the Authority in its work and to ensure effective consultation with stakeholders;
- a Charity Appeals Tribunal to enable charities to appeal decisions of the Authority without the need to use the courts system; and
- administrative co-operation by the Authority with statutory bodies on relevant regulatory and law enforcement matters, both inside and outside the State.

## New €30 Million from Dormant Accounts Funding

Noel Ahern, T.D., Minister of State at the Department of Community, Rural and Gaeltacht Affairs and Éamon Ó Cuív T.D. Minister for Community, Rural and Gaeltacht Affairs, on 16th March, announced that the Government has approved the categories and measures under which €30 million from Dormant Accounts will be allocated in 2007.

The categories and measures approved by the Government for support prioritise areas designated by Government, as most disadvantaged i.e. RAPID, CLÁR and Local Drugs Task Force areas as well as augmenting supports to those with disabilities.

The funding for these measures will be available to programmes and projects which tackle social,

economic and educational disadvantage and which support persons with disabilities.

In relation to this category, the Government decided that allocations in 2007 would support the same measures that operated in 2006. Applications were invited from organisations providing services to persons with a disability in the last quarter of 2006 and by the closing date in December 2006, over 250 had been received. These applications are currently being processed and it is anticipated that recommendations will be submitted to Government for approval shortly.

The Minister has indicated that he will invite applications for the economic and social disadvantage category from April 2007.

### **MS Ireland National Election Campaign – April & May 2007**

MS Ireland's election campaign highlights the concerns of the MS Community. MS Ireland's National Campaign, 'Quiz an Election Candidate' is based on the following eight issues:

1. An increase in the number of neurologists and associated multi-disciplinary teams to be brought to the recommended EU level of 39, within a three year timeframe commencing in 2007
2. The provision of the required staff and facilities for the delivery of approved treatments on an equitable basis throughout the country
3. The introduction of a cost of disability payment of €40 per week for all people with MS
4. Further significant increases in the disabled person's housing grant and higher means test threshold
5. The issuing of a medical card to every person diagnosed with MS
6. The assurance that the necessary physiotherapy services are made available to people with MS on an equitable basis throughout the country
7. A review of the current criteria for drivers' tax concessions, so that anyone diagnosed with MS automatically becomes eligible for these rebates
8. Additional personal assistants who can enable people with MS and their families to participate in the community

For more information please contact MS Ireland, Tel: 01 678 1600, Fax: 01 678 1601, Email: [info@ms-society.ie](mailto:info@ms-society.ie).

### **The European Year in Ireland**

2007 has been designated as 'European Year of Equal Opportunities for All', by decision of the EU

council and European parliament as part of a concerted effort to promote equality and non-discrimination in the EU. The European Year is the centrepiece of a framework strategy designed to ensure that discrimination is celebrated and equal opportunities for all are promoted.

The Equality Authority is the national implementing body for the Year in Ireland and has launched the 'Play Your Part' document as a national strategy for the Year. The document sets out the four objectives (rights, representation, recognition and respect) that have been established for the Year.
