DFI BUDGET 2027

COMMUNICATIONS TOOLKIT

The Programme for Government and the new National Human Rights Strategy for Disabled People set out ambitious commitments. Budget 2027 is the first real test of whether Government will deliver on them.

After decades of advocacy, a Cost of Disability payment is finally on the horizon, and Ireland faces its first UN CRPD hearing in 2027.

DFI has created this toolkit to help you push for a Budget that turns those commitments into lived experience.

Share these materials with your community, media, and partners, using [#TheLeastWeCanExpect](#) [#DisabilityBudget27](#) to get involved.

Budget 2027 — The least we can expect

WHAT IS A COMMUNICATIONS TOOLKIT?

Simply share the communications material from this toolkit.

Sections in **[BOLD RED]** are customisable and should be updated to suit your own communications.

The toolkit includes:

- Social media posts with suggested copy and tiles (tag TDs)
- Newsletter copy
- Website content
- Customisable media release for your area
- Customisable letter to local TDs
- Local area stats
- A list of all TDs by area with email and X (Twitter) handles

HOW TO USE THIS TOOLKIT

Customise, copy, paste and send!

Social media (page 6): Copy is ready to go. Just copy and paste (customise if needed).

Newsletter copy (page 7): Almost ready. Just add local and organisation details where you see [bold red text in square brackets]. Link to local factsheets and share with local media and TDs.

Website copy (page 8): Almost ready. Just add local and organisation details where you see [bold red text in square brackets].

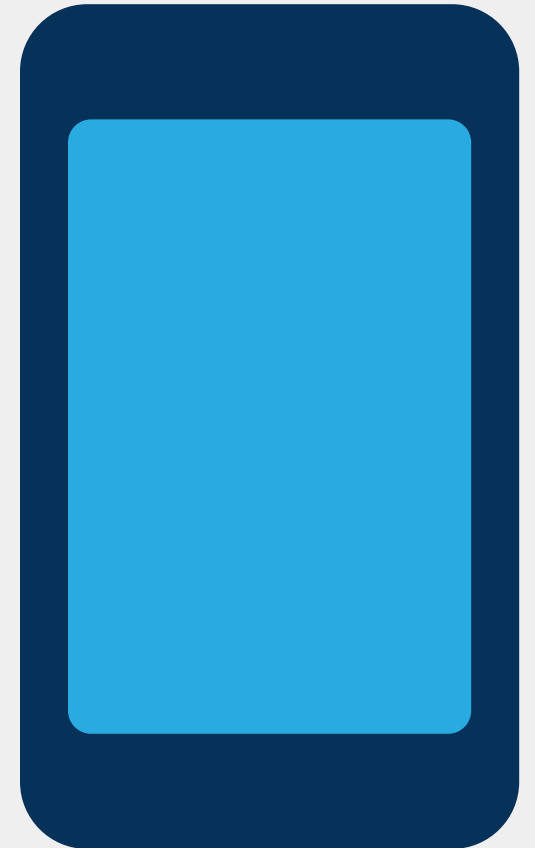

Press release (page 9): Almost ready. Just add local and organisation details where you see [bold red text in square brackets]. Link to your local factsheet in the release and share with local media and representatives.

Letter to local TDs (page 10): Almost ready. Just add local and organisation details where you see [bold red text in square brackets].

READY TO GO

SOCIAL MEDIA CONTENT

- The National Human Rights Strategy promised real change for disabled people. Budget 2027 is the first chance to deliver it. #TheLeastWeCanExpect
- One in five people in Ireland is disabled, yet disabled people continue to face the highest poverty rates, longest waiting lists, and lowest access to services. #DisabilityBudget27
- Disabled people face extra costs of €11,046–€15,617 a year, while Disability Allowance stays over €100 a week below the poverty line. Budget 2027 must close that gap.
- Over two-thirds of disability services are delivered by voluntary organisations, many under serious financial pressure. Budget 2027 must fund them sustainably.
- Disabled people are 4x more likely to live in poverty, waiting years for services, and locked out of housing, education and work. Tag your TD. Demand action. #TheLeastWeCanExpect
- We're calling for a recurring €55 weekly Cost of Disability payment as an interim measure. #DisabilityBudget27
- 8,875 children have waited more than 12 months for disability assessments. That's not a delay. That's denial. Budget 2027 must invest in children's services.
- Access to the same services and supports as everyone else is the least disabled people can expect. #TheLeastWeCanExpect

Budget 2027: The least we can expect for disabled people

Budget 2027 is a test of Government's promise to disabled people. It's time to make sure they deliver. DFI has launched its Pre-Budget Submission 2027, "The least we can expect". The National Human Rights Strategy for Disabled People is now published, and Budget 2027 is the first real test of whether Government will deliver across every Department.

Right now, disabled people in Ireland are:

- Four times more likely to live in poverty
- Waiting years for essential health and social care
- Paying €11,046–€15,617 a year in extra disability-related costs
- Locked out of housing, employment, and public life

This is not inevitable. It's the result of policy choices.

DFI's submission sets out key demands, including:

- A recurring €55 weekly Cost of Disability payment
- Investment in disability services and multidisciplinary teams
- Sustainable, multi-annual funding for voluntary disability organisations
- Accessible, affordable housing and transport
- Transparent, disability-proofed Budget decisions

How you can help

DFI has developed a full Communications Toolkit to support members and allies in raising their voices. You'll find key messages, sample social posts and graphics, email and media templates, and tips for contacting TDs.

Let's work together to ensure Budget 2027 delivers what disabled people are owed. [\[Download the Campaign Toolkit\]](#) [\[Read the Full Submission\]](#) [\[Link to campaign webpage\]](#). [#TheLeastWeCanExpect](#) [#DisabilityBudget27](#)

WEBSITE/NEWS SECTION COPY

“The least we can expect” — Campaign ahead of Budget 2027

Budget 2027 is the first major opportunity for Government to show it is serious about disability rights, inclusion and equality. With the National Human Rights Strategy now published and Ireland’s first UN CRPD hearing due in 2027, Budget decisions will form part of Ireland’s response. Yet disabled people remain disproportionately affected by poverty, unmet health and social care needs, inaccessible housing, and systemic exclusion.

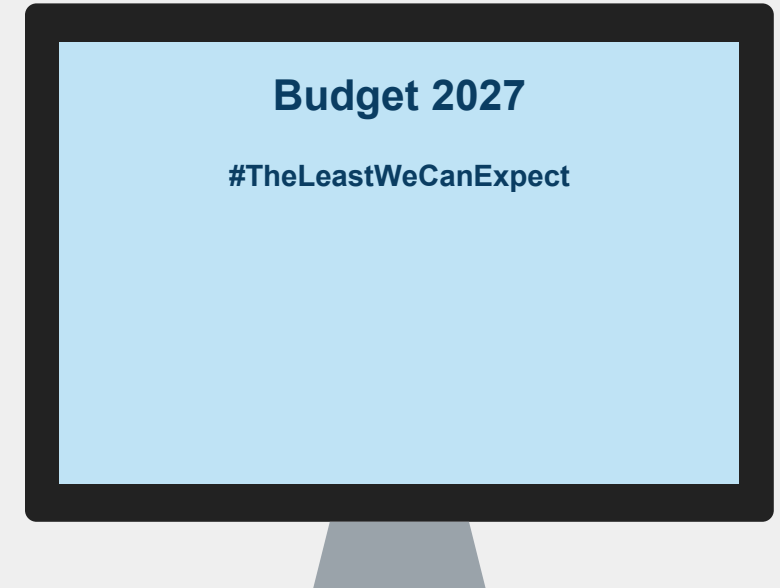

In their/[our] Pre-Budget Submission, Disability Federation of Ireland (DFI) is [we are] calling for urgent investment across six key areas [use bullet points from your own submission if applicable]:

- A recurring €55 weekly Cost of Disability payment
- Sustainable funding for disability services and voluntary organisations
- Action on disability poverty, housing, and inclusion
- Investment in children’s and adult disability services and therapy posts
- Community-based supports to end inappropriate placements (e.g. nursing homes)
- Transparent, disability-proofed Budget decisions shaped by lived experience

“Disabled people have waited long enough. Budget 2027 must be the turning point, not another missed opportunity,” said Elaine Teague, CEO of DFI. “It’s the least that disabled people can expect.”

Get Involved.

LOCAL CUSTOMISABLE PRESS RELEASE

[Local area] Organisation Calls on Government to Deliver for Disabled People in Budget 2027

[Organisation Name] is calling on Government to deliver a real step change for disabled people in Budget 2027, in line with the commitments in the National Human Rights Strategy for Disabled People.

[XX% – see factsheet for your local area] of people in **[local area]** are living with a disability and experience difficulties with cost of living, housing, health and access to services compared to the general population, according to **[local organisation name]**.

[Insert spokesperson job title], [Insert spokesperson name] said that more needs to be done to address gaps in services.

“Too many disabled people in **[local area]** still don’t have access to the services they need. They’re waiting months, sometimes years, for basic services, locked out of housing, and paying hundreds more each week just to live with dignity.”

[Organisation Name] is supporting DFI’s “*The least we can expect*” campaign, which outlines the urgent steps Government must take, including **[include your own Budget asks if applicable]**:

- A recurring €55 weekly Cost of Disability payment
- Increased investment in local disability and therapy services
- More accessible housing, including supports to live in the community
- Sustainable funding for community and voluntary organisations
- Inclusive education, employment, and participation opportunities

Read DFI’s summary pre-budget submission here / **[your organisation’s pre-budget submission (if applicable)]**

ENDS

Media contact: **[name, email, phone]**

[Link to the factsheet for your local area]

EMAIL TO TDs

Subject line: Urgent need to deliver for disabled people in Budget 2027

Dear Deputy **[TD's Last Name]**,

I am writing to you as a **[person with a disability / family member / carer / disability organisation / concerned constituent]** in **[your county/constituency]**, to urge you to ensure Budget 2027 delivers for disabled people, in line with the National Human Rights Strategy. Right now in **[local area]**, disabled people are:

- **[Insert local stat or example – e.g. “waiting over 12 months for therapy services” – see DFI factsheet for your local area]**
- **[Insert another relevant point – e.g. “still unable to access Personal Assistance or accessible housing”]**

Budget 2027 is the first real test of whether Government will keep its promises. I am asking you to support a Budget that includes:

- A recurring €55 weekly Cost of Disability payment
- Increased funding for health and social care — especially Personal Assistance, respite and therapy
- Investment in accessible housing and community supports
- Sustainable funding for local disability organisations
- Action to end disability poverty and improve inclusion in education, employment and public life

[Optional: share a short personal experience or concern, e.g. “My daughter has been waiting 18 months for support that should have started when she was 3.”]

I hope you will speak up for a Budget that reflects equality, dignity and inclusion for all, and I would welcome a response outlining how you will support these asks.

Yours sincerely, **[Your Full Name] / [Address, optional] / [Contact Information]**
